The Oregon Bed & Breakfast Guild

Mission Statement

We are the professional association of Oregon's individually operated Bed & Breakfast Inns. Our mission is to assure travelers of consistently high standards in a variety of accommodations and to support members through networking, promotion, advocacy, and education.

Background

In October 1989 a steering committee of innkeepers representing bed and breakfast inns throughout the state met to form the Oregon Bed & Breakfast Guild, which was modeled after similar organizations in Washington and California. The committee discussed and ultimately adopted bylaws, goals and objectives, requirements for membership, and an application procedure.

Membership

Regular membership is held in the name of the inn which is located in the state of Oregon and which is appropriately licensed and meets Guild standards for health, safety, and hospitality in its operation. Guild benefits apply to owners and managers of the inn. Associate membership is available to individuals and businesses that support the objectives of the Guild.

Benefits of Membership

PROMOTION: The Guild publishes an annual Directory of Member Inns that is distributed to visitor centers, travel agencies, and potential guests. Our website (www.obbg.org) is a significant source for referrals, where guests may also request a copy of the print directory or link directly to an inn's web page. The Guild also maintains a toll free information phone line (800-944-6196) to respond to calls from potential guests or questions from innkeepers. *Lodging Gift Vouchers*, which can be used at any member inn, are available for sale through the Guild website. The *Inn Getaway Program* allows participating innkeepers to become better acquainted with other members through a low, \$40-per-night stay. The opportunity to interact with

other innkeepers provides a stronger sense of community and the potential for future referrals, in addition to a welcome break.

ADVOCACY: Members of the Guild serve as representatives to important state organizations such as Oregon Lodging Association, State Food Service advisory committees, Oregon Tourism Commission, and others to promote awareness about the specific needs and issues of B&B inns.

EDUCATION: State conferences are held every year in conjunction with an annual meeting. In addition, Regional Conferences covering Western Canada, Washington, and Oregon are held periodically. Conferences provide an opportunity to meet other innkeepers and to keep informed of issues of importance to inns in our region.
